Remarks :

The Chaudron S33 is FUN, FAST & FURIOUS, cruising at 45 knots with tops speeds of up to 75knts powered by the remarkably economical twin Racing Mercury 400 Verado (New in

2018).

From the shipyard developed by World V1 Champion, **Aaron Ciantar**, this example is not just another stripped out cigarette boat, each Chaudron is bespoke and this elegant example was commissioned by a discerning and experienced owner, the interior and exterior reflect refined elegance and comfort for a high-speed racing boat. The metallic paintwork is exceptional with different hues as the sun catches each surface. Neon blue backlighting punctuates the cockpit and interior.

Must be seen. Call us for a viewing.
