### Remarks :

**AS NEW CONDITION WITH ONLY 36 HOURS, COMES WITH ALL EXTRAS**

Sail away this season for fully spec'd Cranchi T 36 Crossover, first to see will buy!

The T36 Crossover combines the functionality of a Trawler with the adventure of a touring yacht. A boat that combines a dynamic sailing experience with incredible interior comfort.

On deck, the hard top and the extensive sheltered area on the main deck can guarantee comfort at all times. The square deck has a full glass cover offering comfort and protection without blocking natural light and visibility. A glass sliding door closes off this area, making your stay on board enjoyable no matter the latitude, and during the hottest periods throughout the day (thanks to the air conditioning system), or the coldest months.

Natural ventilation and good air circulation are provided by the two bow facing skylights on the hard top: so, when it's hot, all you need to do is open a skylight for some fresh air.

The external design favours overhanging lines, both at bow and stern, in order to amplify the living spaces and create a more dynamic and powerful profile. There's a comfortable seating area in the cockpit and a mobile kitchen with a barbecue and sink. The swim platform area is easily accessible. It's both simple and safe to move toward the bow using the walkway that runs the entire perimeter without anything in your way. The main sun deck area is at the bow.

**The hard top is extremely versatile and can be equipped with clamps that holds two bikes, a stand up paddle or canoe.**

The sheltered part of the cockpit houses, as well as the navigation station, a lounge area with a convertible sofa and the kitchen.

This is the two cabin version which give a large MASTER cabin with a huge en-suite shower/WC for a cruiser of this size.

The GUEST cabin is a nice twin with it's own shower/wc facilities. The Main Salon is convertible so 6 people can sleep on board in comfort.

Twin Volvo D4 engines giving 300hp with stern drives gives a lively performance with top speeds of 32-33 knots and comfortable and economical cruising at 18-24 knots.
