Remarks :

BELLIURE was founded in 1953 by Vicente Belliure in Calpe, (Alicante), Spain. Its main activity was the construction and repair of wood fishing boats. In 1974, a division for construction has emerged to build pleasure boats using newly introduced materials; Polyester reinforced with Fiber glass. More than 170 boats in Fiber glass, including models of 30, 35, 40, 41 and 50 feet of length, were constructed and all designed by Peter Ibold with the collaboration of D. Vicente Belliure.
