Remarks :

With significant recent expenditure in June 2020 this Princess 45 comes to the market ready to cruise for Summer 2020. A true credit to her owners this Princess 45 benefits from a bowthruster (June 2020), recent antifoul, full polish, and significant spending on engine maintenance and replacement parts in 2019. This spacious Motor cruiser would work equally well for extended cruising or as a longer term live aboard.

This classic Princess 45 is fitted with twin Volvo TAMD71A (2 x 357hp) shaft drive diesel engines. It's elegant lines leading to up to the fly-bridge disguise the spacious accommodation on offer below. a great example of this popular model.
