Accommodation

1 x double berth
2 x single berths

Remarks :

Pegasus 800 Sailing Yacht for Sale. Built in 1984 "Rodia" is a solidly built fin keel cruising yacht with a good turn of speed.

This particular example has benefited from many upgrades in her present ownership, including Webasto heating system, stak pak, Garmin Chart Plotter, VHF and much more.

Sadly we need to disclose there is a known fault with the Volvo engine, we understand the head gasket and the manifold need replacing and the estimated costs to repair is £2,500. The valve seats and pushrods are all good. There was a chemical toilet on board which has been removed and will need to be replaced, and the owner uses a portable stove for cooking. The broker and owner have priced the boat to reflect this, but offers will be considered.

This is a great little boat, and once repaired, she will make someone a lovely cruising boat.
