Remarks :

New to the market Sea Ray 310 Express Cruiser. Built in 1992. "Bounty Hunter" is powered by two Volvo TAMD41 engines providing 200HP each on shaft drives. Max speed approx 28knots, cruising speed approx 22knots.

"Bounty Hunter" also features an extended aft platform, cockpit enclosure, and has a generous cockpit for entertaining and accommodation below.

Much work has been completed in recent times including engine servicing (May 2021) New batteries, new Victron charger/inverter, rewired, new clarifier, new Raymarine plotter etc, approximately £10,000 worth of work. However it is fair to say this boat still requires some work mostly of a cosmetic enhancement to the interior to fully bring this boat up to top condition. The owner advises, this boat is mechanically sound and reliable, just needs some work to complete. The owner is selling as he wishes a larger boat for his family.
