MUCH MORE THAN A SAILING BOAT

When Dufour's know-how re-invents itself to craft the sailing boat of tomorrow. This results in a 47-footer which is both beautifully designed and high-performance for incredible thrills.

The Dufour 470 combines both Dufour's know-how and the Brand's desire to innovate.

This model, in line with its predecessor, enjoys the yard's DNA while offering an edge of modernity. Its hull design and the fluidity of its deck layout already make it an iconic sailing boat. Its modernity, its simplicity and its elegance already make it a new "classic."

Three models in one. Let your instinct do the talking...

Easy Version

The "Easy" version is intended for owners and renters in search of simplicity and comfort. Its elegant movement plan allows great mobility.

Ocean Version

The "Ocean" version suits owners who wish for a more traditional movement plan perfectly with the sheets positioned on the coamings and the halyard and mainsail trolley handlings near the helm station.

Performance Version

The "Performance" version is ideal for lovers of thrills and regatteers. With its six high-quality winches, its clew at the rear of the cockpit and its "Performance" equipment, this model is transformed into a pure racer.

An interior layout in three versions

The Dufour 470 comes in three interior layouts. Every sailor will find what they are seeking,

whether it's sailing with a large or reduced crew. Design innovations allow for an optimum use of space to guarantee simple sailing while retaining very comfortable sleeping areas.

The search for balance is the primary goal of the Dufour 470. An authentic cruiser with exceptional seafaring qualities, it truly embodies the aspiration of Dufour yachts.

Naturally elegant, it stands out with its sleek hull and slightly higher and rounded rear bilge to contrast with its streamlined hull recess.

The deck is perfectly optimised with easy on-board movement and extensive premium equipment.

The Dufour 470 is designed for those in search of bigger sensations on the water. It guarantees sensational enjoyment during all your sailing experiences.
