Remarks :

Atlantis 51 offers plenty of welcoming, airy space, thanks to the generous beam which measures a full 4.5 meters. With the DNA of a pure open and a design featuring the distinctive vertical bow, this model has been created for people who want to spend the entire day in the open air, without compromising on absolute comfort in the interiors too. That is why the main deck is like a big open air lounge area.
In addition to the spacious sun lounging areas both fore and aft, the deck is designed and furnished to create a sophisticated living area to relax in, which can be quickly converted into a dinette for lunch.
